Application Data

Number of units? Basket style? A B C

Minimum open area? sq. inches sq. metres

Removable through manway? Y N

Manway inside diameter? inches feet metres

Other size constraints (if applicable)? inches metres
 maximum diameter x maximum height

Design maximum ΔP through media? psi kPa

Media load? psi kPa - or:

Media (min.) size? mesh inches μm mm

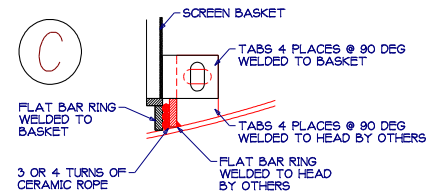

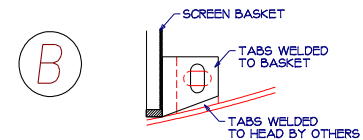

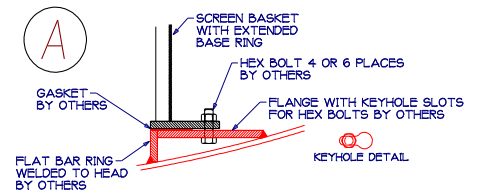

Media density? lbs/cu. ft. kg/m³

Depth of media? inches feet metres

Design maximum temperature? Fahrenheit Celsius

Basket material? 304ss 316ss Other:

Design to: ASME Sec VIII Div 1 Spec SA-240
 ASME Sec VIII Div 2 Spec SA-240
